THE PERLEADING WORLDS

# ABOUT US

Blackout Evolution (BE) Cheer is a London-based cheerleading programme, home of five adult-only non-tumble teams (levels 3-7). With more than 70 athletes and a coaching team composed of former Team England athletes and coaches, BE Cheer aims to create a friendly environment where each individual can learn and grow as an athlete.

The programme was set up with strong community values. We believe in creating a safe, supportive and fun learning environment for athletes who have a strong work ethic and determination to succeed. We are an adult-only cheerleading club with a strong social focus for members who want to get involved.

# WORLDS TEAM

Stealth, our IOCNT6 team, earned BE's first ever bid in 2023, making them eligible to compete at the 2024 World Championships.

At their first two Worlds appearance they placed top 30, and having secured a bid to the 2026 Championships, hope to build on this score.

If you wish to tryout for Stealth, please ensure you are available to attend 2026 World Championships.

 THE CHEERLEADING WORLDS™  
April 24 - 27, 2026
